PURPOSE AND POLICIES

This Memorandum of Understanding Governing Joint Operation of the Isla Vista Foot Patrol (MOU or “Agreement”) between the Regents of the University of California on behalf of the University of California, Santa Barbara Police Department (hereinafter to be referred to as UCSB PD), and the County of Santa Barbara, on behalf of the Santa Barbara Sheriff’s Office (hereinafter referred to as SBSO)regarding UCSB PD and SBSO’s (also collectively referred to as the “Parties”) joint law enforcement operation, Isla Vista Foot Patrol shall hereinafter be referred to as “IVFP.”

I. PURPOSE of AGREEMENT
1. It is the intent and purpose of the Parties that this Agreement constitutes intergovernmental relations in the public interest and in the interests of UCSB PD and SBSO.
2. The parties hereby acknowledge that this Agreement represents an amicable understanding reached by the Parties.
3. It is not the intent of the Parties to create a separate entity subject to suit.

II. PHILOSOPHY
The IVFP was established in December 1970 as a cooperative venture between the County of Santa Barbara and the University of California to provide Community Oriented Policing to the community of Isla Vista out of a store front type of operation. It was so named in support of the concept in which officers leave their vehicles to perform a “foot patrol” and establish a stronger working relationship with the community. The IVFP was jointly established by virtue of the County of Santa Barbara’s state-mandated function to provide law enforcement in the Isla Vista community and the University of California at Santa Barbara Police Department’s concurrent and overlapping jurisdiction.

It is the intent of this latest MOU to codify the working relationship between the Parties in a manner which ensures that the working needs of the Parties are blended into a cohesive service delivery model that maximizes the quality of service for the residents of Isla Vista.

III. DEFINITIONS AND REFERENCE MATERIALS
Isla Vista Foot Patrol service area: “IVFP service area” will be used to refer to the areas for which the IVFP is primarily responsible for providing law enforcement services. This area is generally defined as follows:
1. The area commonly referred to as the unincorporated community of Isla Vista. This area is generally bounded by the Pacific Ocean on the South, El Colegio Rd on the North, and University Property on the East and West sides.
2. Any properties owned by the University of Santa Barbara within the IVFP area of responsibility where the UCSB PD has primary jurisdiction by statute are excluded from the IVFP service area.

**ARTICLE 2**

**DEPARTMENTAL PERSONNEL COMMITMENT**

I. **PHILOSOPHY**
   1. Both SBSO and UCSB PD are committed to providing sufficient resources toward the collaborative operation of the IVFP thereby ensuring that IVFP is able to provide an appropriate level of policing services within the IVFP service area. In an effort to
enhance flexibility for both UCSB PD and SBSO, the Parties agree that they are no longer utilizing the previous FTE-based model (that tracked the number of personnel each agency assigned to the IVFP operation) and are now adopting a time-based compliance model.

a. Within the time compliance model, the number of sworn law enforcement personnel hours that are necessary to safely and effectively operate the IVFP will be calculated on an annual basis and each agency will be responsible for staffing a percentage of those hours throughout the year.

i. The percentages of sworn law enforcement personnel hours that each agency is required to provide will be based upon and aligned with the staffing commitments outlined within the existing approved/signed 2010 Cooperative Agreement for Law Enforcement Between County of Santa Barbara & University of California, Santa Barbara (LRDP).

II. ANNUAL CALCULATION OF SWORN LAW ENFORCEMENT PERSONNEL HOURS

1. At the beginning of July for each year, the IVFP Station Commander and the UCSB PD Liaison will participate in one or more meetings and will come to an agreement about the number of sworn law enforcement personnel hours that are needed to ensure the IVFP is able to provide an appropriate level of policing services within the IVFP service area for the next 12 months.

2. The overall staffing hours requirement will be broken down into the following staffing periods:

a. Student Orientation: This period starts one (1) week prior to either UCSB or SBCC beginning their fall semester/quarter and continues until the Halloween Operational Period concludes on the Monday following October 31st.

b. Fall: This period starts on the Monday following October 31st and ends when both UCSB and SBCC begin their winter break.

c. Winter Break: This period begins when both UCSB and SBCC begin their winter break and ends when either UCSB or SBCC begin their winter semester/quarter.

d. Winter/ Spring: This period begins when either UCSB or SBCC begin their winter semester/quarter and ends one (1) week after both UCSB and SBCC have completed their final graduation ceremony.

e. Summer: This period begins one (1) week after both UCSB and SBCC have completed their final graduation ceremony and ends one (1) week prior to either UCSB or SBCC beginning their fall semester/quarter.

3. In determining the staffing requirement for each period, the IVFP Station Commander and UCSB PD Liaison will:

a. Review the UCSB and SBCC class schedule to determine the actual start and stop dates for each period.

b. Review the prior years’ IVFP activity levels, IVFP service area crime statistics and consider trends that may indicate the staffing levels for the upcoming 12 months may need to be adjusted to ensure that an appropriate level of policing services will be
MEMORANDUM OF UNDERSTANDING
GOVERNING JOINT OPERATION
ISLA VISTA FOOT PATROL 2020-2025

provided by the IVFP, while simultaneously remaining fiscally responsible to the
parent organizations.

c. Ensure that appropriate levels of supervisory oversight are provided within the IVFP
operation. This should be broken down into the number of:
   ii. Sergeant hours; and
   iii. Corporal/ senior deputy hours.

d. Review prior years’ statistics relating to the utilization of SBSO and UCSB PD
resources that are not assigned to IVFP in the handling of calls for service within the
IVFP service area and IVFP assigned resources being utilized to handle or assist in
handling calls for service outside of the IVFP service area. Disproportionate
utilization of outside resources may indicate the need to adjust IVFP staffing
commitments.

III. Agency staffing commitments

1. SBSO will assign the following personnel to the IVFP on a full-time basis:
   a. One (1) sheriff’s lieutenant to fulfill the role of the IVFP Station Commander.
   b. One (1) sheriff’s service technician (SST) to perform parking enforcement and other
duties as assigned.

2. The Parties agree to the following supervisory staffing commitment toward the IVFP
operation:
   a. Sergeant
      i. SBSO will provide a minimum of 66.6% of the total sergeant hours necessary to
         provide appropriate levels of supervisory oversight for the IVFP operation.
      ii. UCSB PD will provide a minimum of 33.4% of the total sergeant hours necessary
          to provide appropriate levels of supervisory oversight for the IVFP operation.
   b. Corporal/ Senior Deputy
      i. SBSO will provide a minimum of 66.6% of the total corporal/ senior deputy hours
         necessary to provide appropriate levels of supervisory oversight for the IVFP
         operation.
      ii. UCSB PD will provide a minimum of 33.4% of the total corporal/ senior deputy
          hours necessary to provide appropriate levels of supervisory oversight for the
          IVFP operation.
      iii. If an agency exceeds its required staffing commitment at the sergeant rank, excess
           hours can be applied toward the corporal/ senior deputy commitment.

3. The Parties agree to the following sworn law enforcement staffing commitment toward
the IVFP operation:
   a. Within each of the five (5) staffing periods, SBSO will provide a minimum of 65% of
the total sworn, line-level officer/ deputy hours necessary to provide appropriate
levels of supervisory oversight for the IVFP operation.
      i. This number may be adjusted downward based upon the circumstances outlined
         below.
      ii. On a biweekly basis, within each of the five (5) staffing periods as set forth above,
          UCSB PD will provide a minimum of 35% of the total sworn, line-level officer/
deputy hours necessary to provide appropriate levels of supervisory oversight for the IVFP operation.

iii. As outlined within the 2010 Cooperative Agreement for Law Enforcement Between County of Santa Barbara & University of California, Santa Barbara (LRDP), for every 1,000 students of enrollment growth at UCSB that occurred after September 7, 2010, UCSB PD will provide an additional 810 hours of sworn law enforcement staffing toward the overall staffing commitment for the operation of IVFP.

b. All hours worked by sworn UCSB PD and SBSO personnel who are of the rank of sergeant or lower will count toward this commitment, unless the hours are being used to meet the requirement for supervisions hours.
   i. Any hours worked by SBSO or UCSB PD personnel who are working in a detective capacity will not count toward the sworn law enforcement personnel commitments outlined within this Article of the MOU.
   ii. Any hours worked by SBSO or UCSB PD personnel for planned special events, under Unified Command, (including but not limited to Halloween, Deltopia and Graduation), and Law Enforcement mutual aid provided during unplanned emergency events will not count toward the sworn law enforcement personnel commitments outlined within this Article of the MOU.
   iii. Any hours worked by SBSO or UCSB PD personnel for grant funded operations or services will not count toward the sworn law enforcement personnel commitments outlined within this Article of the MOU.

c. During their monthly meetings, the IVFP Station Commander and the UCSB PD Liaison will provide each other with documentation establishing the level of compliance for their respective agency and review any overages and shortages. The IVFP Station Commander and UCSB PD Liaison will work together to develop a plan to remedy any underage or overage for one or both agencies.
   i. If either agency falls short of their biweekly staffing commitment and this shortage causes the other agency to incur overtime expenses or to utilize non-IVFP staffing to cover the shortage in order to maintain IVFP minimum staffing:
      a) The agency that fell short of their commitment will make-up the shortage within 4 weeks of the shortage.
      b) The IVFP Station Commander and UCSB Liaison will coordinate the scheduling of the make-up hours, preferably allowing the other agency to utilize it as an opportunity to recoup the costs or loss of resources incurred in covering the shortage.

4. Either SBSO or UCSB PD may choose to assign or otherwise dedicate additional non-sworn personnel and/or other resources to augment or provide enhanced policing services within the IVFP service area.
   a. Those resources will be coordinated through the IVFP Station Commander and/or the applicable SBSO bureau, insofar as it relates to the provision of policing services within the IVFP service area.
   b. The parent agency may provide restrictions upon the use of any such personnel or other resources.
c. The UCSB PD Liaison will coordinate with the IVFP Station Commander to ensure that any restrictions are understood and adhered to.
